Proceeds will benefit **b.i.k.e. Syracuse** a program for inner city kids:

“We work with low income children between the ages of 8 - 14 through a program of Adventure bicycling and learning through experience. The b.i.k.e. experience provides a sense of belonging while working with the whole child building physical fitness, academic achievement, and self-discipline, while having fun. Our program includes tutoring, excursions to parks, museums and races, participation in community and cultural events. Breakfast and lunch is provided. The bicycle is a tool that we use to encourage children to race after their dreams and challenge their fears.”
